short stories

Story01 :

It is said one day that there were two friends walking in the woods together, and suddenly a big bear passed in the forest, and the two friends could not act.

After a few moments one of them quickly ran away to climb a tree, and ran away and left his friend alone knowing that he had no ability to climb trees.

As for the other, he was saddened by his friend's bad behavior, but he thought a little and remembered that the bear does not approach lifeless corpses.

so it occurred to him to rest on the ground without making any movement or breath, so that the bear would not approach him.

So the bear walked beside him, and did not really approach him, and when his friend came back to him and fell from the tree, the other said to him:

The bear told me to stay away from friends like you who don't know the meaning of loyalty, and left him and went away.

The story teaches us that true friendship is governed by difficult situations and adversities, so we must choose a loyal friend, who will be by our side if we encounter obstacles.

Story 2:

Holidays

Holidays are important for relaxation. They provide relief from the monotony of our daily routine. They help us to refresh ourselves and go back to work with renewed energy. Summer holidays are awaited by a lot of people after working hard throughout the year. There are no rules for going to school and playing for a short time and then completing our homework. We can manage our time according to our wish.

Story 03:

My father gets up early every morning. He takes good care of me. He works hard. He cooks for me. He cleans the house. He waters the plants. He mows the lawn. He does the dishes. I like to help him. We do the housework together. We are very happy.

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِيْمِ

Story 04:

My favorite hobby

I like reading so much. It's my favorite hobby. There is no better companion than a good book. I depend on reading to develop my language skills and vocabulary. Reading is a good way to relax and reduce stress. I usually go to the Public Library in my town. My friend Jemmy always comes with me. I like reading about nature and animals. Jemmy likes reading about sports.

Story 05:

My best teacher

Teachers are the ones who build a good nation and make the world a better place. My best teacher is called Robert. He teaches us English. I admire him because he is well-prepared in advance for our lessons. He is like a friend that helps us in all our troubles. He always talks to us and encourages us to do our best to achieve our goals. I like his subject because he gives us the chance to excel without putting too much pressure on us.

**I hope I helped you even a little, Bye we meet
